Product Details

SOLYX® SX-C380 Organic Etch Stripes is an attractive film with a vertically striped etch pattern on a transparent background. The stripe direction runs the length of the roll with stripes ranging in width from approximately 1/16" to 1/8". Made of durable, optically clear polyester, it is supplied with a silicone coated liner which protects the clear, pressure-sensitive adhesive. This film is recommended for application to interior and exterior glass (inside surface) and is ideal for decorative or architectural applications.
