UV Transmission	30%
Absorption	42%
Total Solar Energy Rejected	56%

Product Construction

Face Film

8 mil Polypropylene

Adhesive

Non-Adhesive Static Cling

Release Liner

Transparent Synthetic

Product Details

SOLYX® SX-SC463 Axis is an embossed, textured film with a beautiful abstract design. This non-adhesive static cling film is made of durable polypropylene and is supplied with a clear, removable release liner. It is recommended for application to interior and exterior glass (inside surface) as well as plastics and polycarbonate sheets. This fully removable and reusable film reduces glare and is ideal for semi-private, decorative, or architectural applications.

Flammability Rating

This product meets ASTM E84 and is classified as Class A as defined in NFPA 101, Life Safety Code®.

LEED Credit EQ 4.1 Low Emitting Materials, Adhesives & Sealants

This product has zero VOC content according to 40 CFR 59, Subpart D (EPA method 24).

Installation and Warranty

Installation

Installation should be in accordance with the manufacturer's installation instructions. This film is applied using the same methods used for installing window tinting films.

Warranty

This SOLYX® product will be free from defects in material and manufacture for a period of five (5) years from the date of installation. See warranty information for specific details.
