Product Details

SOLYX® SXP-068 Grass Green is a colorful, transparent polyester film with a scratch-resistant coating and a glossy surface that can be combined with other SXP films to create an infinite color palette. It is recommended for application to interior glass and is ideal for decorative or architectural applications including high-quality light displays, stained-glass designs, and backlit surfaces. THIS FILM IS NOT SUITABLE FOR USE IN DIRECT SUNLIGHT.

Flammability Rating

This product meets ASTM E84 and is classified as Class A as defined in NFPA 101, Life Safety Code®.

LEED Credit EQ 4.1 Low Emitting Materials, Adhesives & Sealants

This product has zero VOC content according to 40 CFR 59, Subpart D (EPA method 24).

Installation and Warranty

Installation

Installation should be in accordance with the manufacturer's installation instructions. This film is applied using the same tools and techniques used for installing window tinting films.

Warranty

This SOLYX® product will be free from defects in material and manufacture for a period of five (5) years from the date of installation. See warranty information for specific details.
